

Mr DK Sharma

D K Sharma –President, TAGMA INDIA is the Executive Vice President & Business Head of Godrej Tooling. He has 30 years of experience of serving various leadership positions at Godrej across multiple product categories and locations in India. He took charge of Godrej Tooling in 2002 and transformed the business successfully from captive to the leading Tool Room in the country. He introduced the “Theory of Constraints – TOC” concept in the tooling environment in 2007 to streamline on-time performance. Today Godrej Tooling has earned the reputation as a specialist die-casting and sheet metal stamping toolmaker with all leading auto manufacturers in India.

Under his leadership TAGMA organised successful editions of International Tooling Summit (the first edition of which was held in Mumbai in 2016 and the 4th edition in 2018); 11th Die & Mould India International Exhibition in April 2018 and successfully led ASIAN delegation from Federation of Asian Die & Mould Association (FADMA) in India and DMC exhibition the Belt and Road International Forum on Die and Mold Industry held at Shanghai.

He is a member of ALUCAST, AAWI, CII National Committee on Capital Goods & Engineering and also on board of GDC Tech Forum.
